Emergency/Disaster Preparedness

If an employee gets injured at work or the "Big One" hits - is your company prepared to deal with the situation?

The SFPA offers customized presentations on Emergency and Disaster Preparedness to corporate groups. These specialized courses are designed to provide awareness and an overview of emergency response strategies to assist in planning for basic medical and survival skills for both home and work. We provide students with techniques that build a foundation to ensure family safety and workplace readiness. Our goal is to promote preparedness and sustainability for those situations that may impact your most valuable asset - your employees!

Consulting services are also available to assist in plan development and worksite preparedness evaluations.

REQUIRED TEXTS: The American Heart Association (AHA) Heartsaver (CPR), AHA Heartsaver First Aid, and Heartsaver AED text is **included** in the course fee. **Please note:** The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS, and PALS and has developed instructional materials for this purpose. Use of this materials in an educational course does not represent course sponsorship by the AHA, and any fees charged for such a course do not represent income to the AHA.
